

CODE NAME: CAVITY CRETIN

True Identity:	Bacteria
Height:	Short
Weight:	Indeterminate
Hair:	Creepy
Eyes:	Creepier

Mission: To rot all teeth that stand in its way

Favorite Method of Force: Conglomerating into a green glop that oozes and burns

Principal Motivator: An amorphous evil

Background: A hideous being that's relatively harmless when by itself. But it glops with other Cretins to form a green wave of sludge that burns and destroys. Although mindless and loyal to none, the Cretins have been subjugated by Miss Leed's hypnotic powers, who exploits the Cretins' caustic force to wreak destruction.
